From Purchase to Access

A walk-through and helpful tips regarding the purchase and access of SAGE Vantage when buying from a Follett College Store.

Reminder

If the course is part of an Inclusive Access course, these instructions do not apply.

Before you do anything:

Ask your instructor this question…

- Is the course integrated into the school's Learning Management System (LMS)?

If answer = No

- The Instructor should provide the Vantage CourseLink (established and provided upon instructor course creation in Vantage).
  - Using the CourseLink will ensure students are utilizing the correct content and will save steps in the process.

If answer = Yes

- Click on the link in the LMS to launch to Vantage

I'm on vantage.sagepub.com....now what?

- Register for your Vantage account.

- It's recommended that you use your school-issued email address throughout the purchase and access process.

- Click "Start a Grace Period" to gain free, trial access of the Vantage content for the course.

I'm ready to purchase full access!

When purchasing from the bookstore…

- Use the same email address for both purchase and access:

  - Use the same email address for purchase that was used when registering for the Grace Period subscription.

    <u>Ideally, a school-issued email:</u> this is particularly important for courses that are integrated into the schools LMS.

- Know that you will not need to copy/paste any codes directly into Vantage!

Here's the general process we'll be walking through:

1. Purchase from the bookstore (online or in-store)
2. Locate the access email from the bookstore (the second one)
3. Log into BryeWave to redeem the purchase code from the bookstore email
4. Product will show up on "My Shelf"
5. **Click** on the Courseware tile
6. A side menu will appear; ignore the copy/paste, and simply **click** "Access Courseware"
7. User will be redirected to vantage.sagepub.com in a new tab
   - The launch carries with it the purchase details; therefore, students should NEVER type in the Vantage URL, and NEVER need to paste a code into Vantage.
8. Sign into the Vantage account you created when registering for your grace period (or register for a new SAGE Vantage account)
9. The subscription should be applied to the SAGE Vantage My Course Dashboard.
